BIO

I have almost 10 years of web development experience, and am constantly trying to expand my skill set in my spare time. I've always enjoyed creating. Whether its making websites, drawing or music production.

EXPERIENCE

Tech stack
HTML, CSS, Sass, Bootstrap, SEO, Javascript, JQuery, CFML, PHP, SQL, Three.js, React, Node, CMS, Actionscript, Greensock, Canvas, SVG.

2010 - 2018 | **Freelance Web Dev/Design work**
Various

During this time I worked on various UI/UX web projects, html emails and greensock banner animations. Clients I have worked for include LG, New Look, EE, Royal Mail. Please see portfolio.

2007 - 2010 | **Leeds University**
New Media BA 2:1

Focused around emerging media technology and the web. UI/UX, the full Adobe suite, animation, branding. Did ranging projects including ad campaigns, front and back end web development, design history & theory.
